Brand New Book ***** Print on Demand *****.Excerpt from An Introduction to the Verse of Terence This little work is intended for the use of college students who are reading Terence. Its object is not to present any new or original discoveries, but simply to state clearly and concisely the facts most important for the student of Terentian verse to know. In treating of the iambic metres anacrustic schemes have been rigidly avoided, as experience has shown the writer that unless the student has a knowledge of modern musical theory (which cannot be assumed in the case of all), they are confusing and misleading. The text followed in making citations has been that of Dziatzko (Leipzig, Tauchnitz, 1884). About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
