THE COMPACT COSMOS

To save **The Compact Cosmos** eBook, please access the button beneath and download the file or have accessibility to additional information which are highly relevant to THE COMPACT COSMOS book.

Wooden Books. Paperback. Book Condition: new. BRAND NEW, The Compact Cosmos, Matt Tweed, The cosmos is a very big place indeed and most people find it rather too enormous. Hence, this very small book takes the reader on a clever little journey through it all. Packed with information on everything from Supernovae to Galaxy Clusters and Black Holes, as well as all the latest theories about how it might have come into being, this is probably the densest, and certainly the greenest book ever written on the Universe in the Universe. It is printed in sepia inks on 100 per cent recycled papers.
