The Tizard Mission: The Top-Secret Operation That Changed the Course of World War II

By Stephen Phelps

Westholme Publishing, U.S. Paperback. Book Condition: new. BRAND NEW PRINT ON DEMAND., The Tizard Mission: The Top-Secret Operation That Changed the Course of World War II, Stephen Phelps, "One of this book's many attractions is its emphasis on the importance of interrelationships among social, political, and technical worlds in bringing ideas to reality."--The Wall Street Journal "Erudite, literate, and thoroughly absorbing."--Booklist "As Stephen Phelps reveals in this much needed book, the United Kingdom's decision to share its secrets with the United States was a key turning point in the Second World War."--John Liffen, Science Museum London In August 1940, a German invasion of Britain looked inevitable. France had surrendered and Luftwaffe bombers were pounding British cities. However, Britain's brightest scientific minds had been secretly working on futuristic technology, including radar and jet propulsion. While the great value of radar to locate and identify distant objects in day or night was appreciated, it was thought that practical radar required a gigantic device for generating an effective signal. But Britain had something extraordinary--the cavity magnetron, a generator hundreds of times more powerful than any other and small enough to be held in the hand. Winston Churchill gambled on an unorthodox plan: a...
