

Field Guide to Indiana Wildflowers

By Kay Yatskievych

Indiana University Press. Paperback. Book Condition: New. Paperback. 392 pages. Dimensions: 8.4in. x 5.5in. x 0.9in. Forty percent or more of Indianas wildflowers will not be found in any of the available field guides. Field Guide to Indiana Wildflowers magnificently fills that gap. The book includes all of the herbaceous species a total of 1,568 recorded in Indiana (except grasses, sedges, and rushes). It contains 640 color photographs, one for every group of visually similar species. Photographs containing more than one species are accompanied by helpful explanations and numerous drawings of the characteristics that separate each of the individual species. Each species entry includes the scientific name, common name, habitats, general distribution in the state, months of blooming, size of the plants and the flowers or inflorescence, and a brief additional description of the plant. Photographs or drawings accompany most entries. Flowers that were introduced to the state or are on Indianas endangered, threatened, and rare list are marked with a one-word notation indicating their status. Species are grouped into families, which are arranged so that the most closely related and usually visually similar are in proximity. To assist the reader in identifying unknown wildflowers, a Flower Finder section depicts species based...
