

Assesment of the effect of government expenditure on privat investment in Ethiopia

Filesize: 1.2 MB

Reviews

A must buy book if you need to adding benefit. It is rally intriguing throgh reading time period. I am pleased to tell you that here is the very best book i actually have study in my very own lifestyle and may be he finest ebook for at any time.

(Ms. Lora West Jr.)

ASSESSMENT OF THE EFFECT OF GOVERNMENT EXPENDITURE ON PRIVAT INVESTMENT IN ETHIOPIA

GRIN Verlag Gmbh Okt 2014, 2014. Taschenbuch. Book Condition: Neu. 211x151x11 mm. Neuware - Master's Thesis from the year 2014 in the subject Economics - Finance, grade: 1 (A), Wollega University (wollega University), course: Development Economics, language: English, abstract: This study attempts to investigate the effect of government expenditure on private investment in Ethiopia over the period 1980-2012. The central question of this study is whether government expenditure has a positive or crowding in effect (complementary hypothesis) or a negative or crowding out effect (the substitutability hypothesis) on private investment in Ethiopia. To achieve its objective it adopted a modified flexible accelerator model to enlighten on the economic relationship between private investment and the other variables and used the modern technique of vector autoregressive model (VAR) and vector error correction model (VECM) as its methodology. The study also used the Johansen-Juselius (1990) cointegration analysis of a multivariate system of equations to estimate the long run relationship between government expenditure and private investment to determine the order of integration of the variable and Granger-Causality test was undertaken to determine causal relationship between the variables. In addition to this the study employs the Augmented Dickey-Fuller (ADF) unit root test and Phillip Perron test. The statistical tests reveal that all time series data are non-stationary in their level and they become stationary after differencing, i.e. they are integrated of order one $I(1)$. The Johansen-Juselius cointegration test shows that the series are cointegrated and then employs the vector error correction model. Moreover, the study applies the impulse response function (IRF) and forecast error variance decomposition (FEVD) to investigate the effect of government investment shocks on private investment. And the empirical findings support the complementary hypothesis between government capital expenditure and private investment and that tends to crowd-in private investment in Ethiopia. And the empirical finding of the recurrent part of government...
