Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.Foreign capital inflows are playing an important role in the U.S. economy by bridging the gap between domestic supplies of and demand for capital. In 2008, as the financial crisis and global economic downturn unfolded, foreign investors looked to U.S. Treasury securities as a safe haven investment, while they sharply reduced their net purchases of corporate stocks and bonds. In 2009, foreign capital inflows continued to drop as private investors sharply retrenched, while official purchases of U.S. Treasury securities by foreign governments rose sharply. Foreign investors now hold more than 50 of the publicly held and traded U.S. Treasury securities. The large foreign accumulation of U.S. securities has spurred some observers to argue that this large foreign presence in U.S. financial markets increases the risk of a financial crisis, whether as a result of the uncoordinated actions of market participants or by a coordinated withdrawal from U.S. financial markets by foreign investors for economic or political reasons. Congress likely would find itself embroiled in any such financial crisis through its direct role in conducting fiscal policy and in...
