

## The Economic Analysis of Public Policy (Paperback)

By William K. Bellinger

Taylor Francis Ltd, United Kingdom, 2015. Paperback. Book Condition: New. 2nd Revised edition. 234 x 156 mm. Language: English . Brand New Book. A critical analysis of public policy decisions requires a far greater depth of knowledge than can be received from news reports and political speeches. Issues such as how best to reduce traffic congestion, reduce acid rain, improve airline safety or develop a parcel of land are better understood by organizing, measuring and weighing the effects of alternative policies. The Economic Analysis of Public Policy, now in its second edition, is the ideal introduction to benefit-cost analysis, the economics of efficiency, risk analysis and present value, and is suitable for those with only a modest background in mathematics and economics. This brand new edition of the book has been rigorously updated throughout in terms of examples and data references, issues covered, and layout and pedagogical features. Key concepts are reinforced through multiple problems and discussion questions within each chapter. This latest edition contains extra material on loss aversion, global warming, technology, and US health care reform, as well as a wider range of international examples. Extra tables have been included in order to clarify more complicated issues. Instructors...
